Fiscal Analysis

ASSUMPTIONS:

1. This bill will affect State Parks at Lake Elmo, Cooney Reservoir and Tongue River.
2. The Department of Fish, Wildlife and Parks assumes that all shareholders of water users associations pay maintenance cost as part of their annual fee.
3. Shareholders of water user associations are not only individuals but contain private businesses (Decker Coal Company), governmental agencies (City of Red Lodge) and corporate ranches.
4. Because the bill does not establish criteria that designate how many identification cards a single shareholder may receive (such as a private business), it is not possible to determine the revenue impact of this bill.

TECHNICAL NOTES:

1. As identified in assumption #4, the bill does not specify how certain entities such as private businesses, governmental agencies and corporate ranches will be treated or how many cards may be issued to a single family.
